SUMIT VERMA

MERN STACK DEVELOPER

PROFILE

Enthusiastic Full Stack Developer with a strong foundation in both front-end and back-end technologies. Skilled in building responsive web applications using React and Node.js, and experienced in creating scalable server-side solutions. Eager to apply my technical skills and problem-solving abilities to deliver efficient, user-friendly applications in a collaborative environment.

WORK EXPERIENCE

Agami Technologies   SEP 2023 - OCT 2024
UI Specialist

- Collaborated with cross-functional teams to design and develop user-friendly interfaces for web and mobile applications across multiple sectors.
- Implemented responsive UI/UX designs using modern front-end technologies such as React, HTML5, CSS3, and JavaScript, ensuring optimal performance and usability.
- Leveraged Figma and Adobe XD for wireframing and prototyping to deliver intuitive designs aligned with business objectives.
- Collaborated with back-end developers to ensure seamless integration of APIs and data visualization for enhanced user interaction.
